

DOI PRICELIST

DOI (Digital Object Identifier) is a standard persistent identifier for any electronic or paper document and/or other material. The use of the DOI service includes the registration of the number of DOIs depending on the **DOI Bracket** for which the Registrant has declared to opt at the signing of the Contract, as indicated by the chart below.

For the first year the fee - with the number of correspondent DOI - is calculated for the months in which the Registrant benefits the service.

New customers have to consider **€ 150 more as start up cost**

DOI Bracket	Annual Fee €	DOI included in the Annual fee	Price per unit for exceeding DOIs
0	180	30 DOIs included	4.50
1	350	75 DOIs included	3.80
2	600	170 DOIs included	2.70
3	900	350 DOIs included	2.00
4	1,350	650 DOIs included	1.60
5	2,000	1,300 DOIs included	1.10
6	3,000	2,550 DOIs included	0.90
7	4,500	5,000 DOIs included	0.65
8	5,200	6,500 DOIs included	0.55
9	6,000	8,000 DOIs included	0.45

Note:

- The access to DOI registration service through mEDRA is subject to advanced payment of an Annual Fee (plus – for the new contracts – the payment for the months of the current year)
- The DOIs included in the Annual Fee have to be registered within the December 31 of every year.
- In case of a number of registrations exceeding the quantity included in the annual fee, a price per unit, connected to the chosen bracket, is required. Once the sum of the initial DOI Bracket plus the extra DOIs reaches the fee of the next DOI bracket, customer will be upgraded to the next upwards DOI Bracket without extra cost than the amount of difference of bracket.
- Extra DOIs will be invoiced at the end of the annual contract (31/12 of every year).
- In case of termination of the contract, the Registrant has to pay € 0,1 for each registered Doi for the maintenance service.
- At the end of the first year after the termination of the contract, mEDRA will use the registered metadata in order to guarantee DOI Service.

All the sums indicated in the price list are expressed in Euros and intended excluding VAT.

Special rates for backlist registrations are available on demand.
